NANOVISION ACTIVE

Cursed with visions of a catastrophic future for mankind, Prophet returns to New York City determined to battle the corrupt Cell Corporation and the alien Ceph. No longer the hunted, *Crysis 3* arms players with high-tech weaponry including the upgraded signature Nanosuit, fantastic new alien weapons and a new, silent tactical, high-tech composite bow to become the deadliest hunter on the planet. Assess Adapt and Attack!

New to *Crysis 3*, this multiplayer game mode is all about survival of the fittest. There are two teams, initially comprised of two permanently cloaked "Hunters", and up to fourteen CELL troopers awaiting extraction. Each trooper slain respawns on the Hunter team to prey on their former allies, building to a frenetic climax. If any of the troopers survive the round, the hunters lose. Whichever way you play, Hunter Mode delivers a heart-pounding test of strategy and survival.
