## MR. FREDRICKSON

Carl Fredrickson is a 78-year old retired balloon salesman. Although he shows an adjustment to isolation and seems grumpy, Mr. Fredrickson shows his soft side when he starts to open up and care for Russell, the boy who accompanies him on his journey to Paradise Falls.

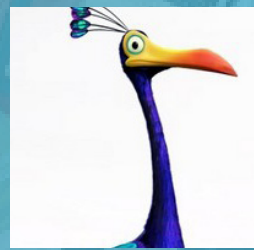

## RUSSELL

Russell, a 10-year old Wilderness Explorer, unexpectedly joins Mr. Frederickson on his adventure to Paradise Falls. He often annoys Mr. Fredrickson, but gradually throughout the movie, Russell starts to develop a close relationship with Mr. Frederickson, along with other friends, such as Dug and Kevin.

## DUG

Dug is the lovable, soft Lavender Retriever in the movie. The best part of him is that he has a collar that enables him to speak to human beings. Dug shows a strong attraction to Mr. Fredrickson and Russell, and follows him around throughout the whole movie.

## KEVIN

Kevin, whose name was given by Russell, is a rare exotic bird found in South America, who shows an extreme liking for chocolate. Kevin is a female mother, and travels with Mr. Fredrickson and Russell to avoid being captured by Charles Muntz, while simultaneously tries to reach her babies safely.
