about moes

This is the story of a man who woke up one morning with a song stuck in his head. A classic tune about feeling good, sharing the love and doing your own thing.

His "thing" happened to be food. Southwestern fare, with a special appreciation for the form and function of a tortilla. He experimented with fresh ingredients and he had an appropriate name for each creation.

He opened a restaurant, and made it known loud and clear that no matter how many times a day he had to say it, everyone who came through the door would feel welcome. And if you stuck around long enough, you'd probably hear that song that helped make a man, a legend.

Welcome to Moe's.
