

# NOW YOU SEE ME

Four individual magicians (Daniel Atlas, Henley Reeves, Merritt McKinley, & Jack Wilder) are approached by an unknown stranger in a hoodie who gives them each a tarot themed card invitations with a stylized eye. The invitation brings all of them to a run down apartment in New York where no one is inside, but there are blueprints of a plan that could help them propel into stardom.

One year later, these four magicians perform a show in Las Vegas as "The Four Horsemen". They are now sponsored by Arthur Tressler, of Tressler Insurance. Their trick for the show is robbing a bank. An audience member is picked at random to choose a bank and he is teleported to the bank of his choice in Paris. Once teleported, an air duct begins to vacuum up the money which showers onto the crowd in Las Vegas. Meanwhile in France, the bank opens and the staff discover an empty safe.

FBI agent Dylan Rhodes is partnered with Interpol agent Alma Dray to investigate the robbery. As they interrogate, Daniel taunts them with the fact that the police have no proof and that the Four Horsemen will always be one step ahead. They are released since the police have no explanation of how the theft could've been executed besides "magic". Thaddeus Bradley is eventually called in to help the investigation and expose the Four Horsemen.

In their next show, they steal money from their sponsor, Arthur Tressler, and give it to members of the audience who were denied insurance claims from Tressler Insurance. After reading into it, Alma discovers the rumors of a magician's secret society called "The Eye" that stole money from the rich and gave to the poor.

What happens next? You'll have to watch the movie to find out. But remember as you watch: The closer you look, the less you see.

# SOMETHING BORROWED

*It's a thin line between  
love and friendship.*

On her 30th birthday, Rachel White is surprised with a party by her best friend, Darcy Rhone, and Darcy's fiancé, Dex Thaler. After one too many drinks, Rachel ends up sharing a taxi with Dex and reveals that she had a crush on him back when they were in law school. The next morning, they wake up next to each other in Rachel's bed.

They agreed that it was a mistake and that it should not be mentioned to Darcy. Their one night stand makes Dex realize that the girl he wants to be with is not Darcy, but is Rachel. They both do not know how to tell Darcy in fear of hurting her. Although it is wrong, they continue their affair and Ethan tells Rachel to fight for Dex and tell him to cancel the wedding. Ethan reveals that he has loved her since they were kids but Dex is the one for Rachel and now, Ethan is moving to London. Eventually, Rachel realizes how much seeing Dex and Darcy together bothers her and she finally asks Dex to cancel the wedding. Dex wants to, but he can't because the wedding is the only thing making his depressed mother happy.

Rachel accepts that Dex can't be with her and goes to London to visit Ethan and take a break from all the drama in New York. When Rachel returns, she finds out that Dex called off the wedding and wants to be with her. As they talk, Darcy knocks on Rachel's door demanding to talk to her. Darcy admits that she was relieved he called off the wedding because she had been having an affair with Marcus, Dex's best friend. Darcy also says she is pregnant by Marcus. After she leaves, she comes back because she sees that Dex's jacket is in Rachel's apartment and that's when Darcy realizes that Dex and Rachel had been having an affair also. Darcy storms out and declares that she hates her and that their friendship is over.
